

1996-2002 Toyota 4Runner Rear Door Speaker Template

Cut the template above out and trace the pattern on 3/4" Baltic Plywood.

*** When printing out of Adobe Acrobat 5.0: you **MUST** uncheck the box labeled "Shrink Oversized Pages To Paper Size" or the template will not be the correct size. ***

Cut the mounting bracket out of 3/4" Baltic Plywood.

The center section will be cut out using any templates or patterns from the 5 1/4" speakers you have chosen to install. This will vary from speaker to speaker.

Completed rear speaker adapter with Polk 5 1/4" speaker.

I purchased my speakers from Crutchfield. They include adapters to plug the aftermarket speakers directly into the factory stereo wiring.
